

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Adopt a resolution authorizing the sale of surplus vehicles and equipment (FIN)

MEETING DATE: March 19, 2003

PREPARED BY: Finance Director

RECOMMENDED ACTION: That the City Council adopt a resolution authorizing the sale of surplus vehicles and equipment as listed in Exhibit A, attached.

BACKGROUND INFORMATION: Lodi City Code Section 2.12.120 provides for the City Manager to authorize the sale at auction of surplus equipment having a value of less than \$2,000. However, sale of surplus property above that amount requires City Council approval.

The vehicles listed in Exhibit A have been replaced and are no longer in use. They are currently being stored pending disposition at the Municipal Service Center.

Sale at this time will benefit the city in two ways. First, the earlier the vehicles are sold, the higher the expected value will be at sale. Second, disposal of the vehicles will recover storage space needed in preparation for the purchase of power utility duct, for which Council authorized advertisement for bids on March 5, 2003.

Sale at auction is the preferred method of disposal, since the buying audience at auction is far larger than we could expect at a local sale. Further, auction companies take care of the paperwork and the collection of funds on behalf of the City.

Local residents who are interested in attending the auctions may obtain auction information by contacting the City's Purchasing Officer.

FUNDING: None required. Estimated revenue generated: \$11,000
